

ShineWorks Detailing Studio has been in the auto detailing, paint protection industry since 2008. Specializing in Paint Correction, Ceramic Coating application, Paint Protection Film and Vinyl Wraps.

ShineWorks strives for perfection on every job, while keeping prices reasonable and delivering not just a top notch detail, but a memorable experience for every customer. Our Customer Service is unmatched.

### **Ceramic Coatings**

With a ceramic coating package from Shine Works Detail Studio, you can make your regular maintenance tasks significantly easier than they have ever been before! Ceramic Coatings can bring out the ultimate level of gloss, depth and shine in your paint. Plus provide semi-permanent protection from the elements, reduce the chances of scratching/swirling and keeping your vehicle cleaner for longer for years to come!

### **Paint Correction**

Permanently remove scratches, swirls and defects from the painted surfaces of your vehicle. We then polish your paint to the highest level of clarity, depth and gloss. Resulting in a better finish than when you purchased your vehicle brand new!

## Paint Protection Film

A self-healing paint protection film that can assist you in maintaining the perfect condition of your vehicle. The Shine Works Detailed Studio will meticulously apply a protective layer to your external painted surfaces. This shield aids in protecting the vehicle from daily dings, dirt, scratches, and swirls.

## Window Tinting

We now provide high-quality Window Tinting services through Shine Works Detail Studio. We have several tinting packages available as well as Tesla only Packages! Please inquire for a customized and professionally tint package for your vehicle!

## Vinyl Wrap

Customize the finish of your vehicle with a custom color or design of your choice! We use top quality, trusted films from brands such as 3M and Avery Dennison. This is an affordable and semi-permanent way to uniquely customize your vehicle to stand out from the rest. Want to go back to your original finish? Just remove the wrap!
