

BLUEGRASS CLEANING COMPANY

Carpet cleaning in Lexington, KY

Are you searching for [carpet cleaning near me](#)? Carpet cleaning is an integral part of a healthy lifestyle. Carpets act as walls and floors in your home, presenting a potential breeding ground for allergens and bacteria that could make your family less healthy. Bluegrass Cleaning Company offers expert carpet cleaning services to the Lexington, KY market that will make all your wall-to-wall carpeted spaces look new. Our experienced technicians are thoroughly trained to handle your job with care and expertise, protecting your carpets while restoring their natural beauty through our specialized cleaning protocol. The most common cleaning method we employ is the low moisture extraction method.

Here at Bluegrass Cleaning Company, we use this method because it is proven safe for your carpets and can also help reduce allergies and dust mites in your home. By removing as little moisture as possible from the carpet, our cleaning process will give a fresh smell to the entire carpet once it is dry. This specialized cleaning method reduces the risk of leaving behind an environmental mess that could cause pollution in your household.
